

HEROES WEAR HAIX®

HAIX®-Climate-System

HAIX®-MSL-System

Upper Material: Waterproof leather, hydrophobic, breathable, 2.5 – 2.7 mm thick

GORE-TEX® HPR-System 4-layer GORE-TEX® laminate, waterproof and breathable. Highly abrasion-resistant lining with intermediate fleece layer. Optimal climate comfort for all seasons under high stresses. Increased chemical protection.

Insole: Dimensionally stable and torsion-proof Memory insole

Foodbed: Insole, anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly

Sohle: Rubber/PU sole with a street/terrain tread, wear resistant and non-slip traction. Optimal step and bend behaviour due to sporty toe and heel rounding. This rubber shell sole features the MSL (micro-soft-light) system that is the result of an additional production process to achieve extremely low weight, excellent cold/heat insulation and non-marking characteristics. The manually-applied rubber sidewall gives this sole optimal side stability. Compliant with EN ISO 20347:2004

HAIX®-Climate-System: Climate System with Micro-Dry lining at top of leg

HAIX®-MSL-System: MicroSoftLight: Improved damping, extremely low weight due to the PU foam across the entire sole area, good cold/heat insulation

KSK 3000

Art.-Nr. 214004

CE EN ISO 20347:2004 O2 HRO HI CI WR FO

Leather thickness 2,5 – 2,7 mm, waterproof and breathable with GORE-TEX® HPR-System, HAIX®-Climate-System, HAIX®-MSL-System, Leg height 15,5 cm, antistatic
